Whaler Encounters Shark.

Honolulu, October 16.—The schooner Julia E. Whalen of Marcus Island fame, returned last night at 10 o'clock from her first trip to Hilo and back under the command of Captain Harris, who commanded the schooner Charles Levy Woodbury, which is at present laid up for minor repairs.

Captain Harris states that he is thoroughly satisfied with his new vessel. She is a splendid sea boat and proved herself to be so in the bad weather she encountered coming back from Hilo.

The trip to Hilo was accompanied by fine weather with a good trade blowing. On the way back, however, she met such weather off the Hamakua coast as has never before been seen by Captain Harris in that locality. There was a very stiff breeze blowing and for the first time in his experience Captain Harris ran down from Hilo with a reefed mainsail.

The sea was very heavy, even out of proportion with the wind, and the deck was washed from time to time. However, no damage was done.

Captain Harris reports that on the trip out a shark was seen such as never was seen by anyone on board before. It was over seven feet long and had jaws of a tremendous size. Still more strange, it was spotted black and white so as to resemble a leopard. It followed the vessel for five minutes and then disappeared.

OPEN KONA LANDS.

Work of Executive Council at Honolulu.

Honolulu, Oct. 21.—Seven thousand acres of land on this island are to be thrown open by the government for purchasers who may desire to secure good grazing property. This was decided upon yesterday at a meeting of the Executive Council, where the plan was broached by Land Commissioner E. S. Boyd. The land is located at Lualualei, near Waianae, and is said to be in good grass. The land will be sold in not less than 500-acre lots, under special agreements, to such purchasers as may desire it. This is the largest tract of land offered on the Island of Oahu for years.

It was decided also to withdraw the Honouliuli lands on Hawaii from sale as homesteads and convert the tract into a government park. There are three thousand acres in the Honouliuli tract, covered with fine virgin forests which it is desired to preserve intact. Though there are applications for the land by homesteaders, it is valueless for agricultural purposes because of its inaccessibility, and it would require an expenditure of between \$16,000 and \$17,000 to build the required road. For that reason the land has been withdrawn from sale. This tract is in the Kona district, and was visited by Mr. Boyd upon his last trip to Hawaii.

It was decided also to throw open three lots for homesteaders in Puuanahulu, Hawaii.

At Mahaula on Hawaii is one tract of fifty-four acres, which is to be put up for sale at auction.

SABATE TO PRISON.

Young Frenchman Gets Three Years for Mail Tampering.

Honolulu, October 21.—Jean Sabate was sentenced to prison for a term of three years for violation of the postal statutes, and the first indication of prison walls brought forcibly home sent the tears streaming down the cheeks of the young Frenchman.

Sabate will have to serve but two years, three months and a half, provided that he complies with the prison rules. The U. S. Statutes provide for the commutation of sentence amounting to seven days in each month, where the term of imprisonment is three years or over. This will give Sabate a total of 252 days to be gained by good behavior. On the first count of the indictment Judge Estee imposed a six months' term of imprisonment, and on each of the remaining eleven the sentence was for three months, making a total of three years. In the event that no appeal is taken the remaining three indictments hanging over Sabate's head will be dismissed.

FIRE CLAIMS.

Awards Will be Made for Ten Per Cent.

Acting Treasurer H. E. Cooper today wrote a letter to Acting Auditor H. C. Meyers, instructing him that he had on hand in the Treasury money to pay ten per cent of the awards of the Fire Claims Commission. Reference is to the \$140,000 interest on the Hawaiian public debt of which payment by the Federal Government has just been received. It is Mr. Cooper's desire that warrants for the percentages be issued forthwith to the claimants.

The instruction comes almost as a shock to the Audit office after its working day and night for weeks; preparing warrants for one-tenth means to make those for one-third, the first of three installments originally planned, so much waste paper. Scratching out the amounts entered in the signed warrants and writing in those for which money is immediately available would be a species of patchwork against which the Acting Auditor's instinct of neatness revolts. In fact Mr. Meyers thinks it would not do.

Mr. Cooper considers this difficulty not his concern, any more than the pending litigation in certain insurance matters complicating some awards.

"All I have to say is that the money for payment of one-tenth of the awards is in the Treasury," Mr. Cooper said this morning. "It is up to the other departments to arrange for the payment of that proportion. The sum of \$140,000 would be of considerable benefit, the way things are now, if placed in circulation."

Porto Rican Wields Scissors.

Derogacia Mathero, a Porto Rican invaded the Japanese camp at Nine Miles last Saturday night and stirred up a mighty row that ended in his capture by Captain Lake. The Carribean was thirsty and was looking for a Yokohama brew. The Japs tried to eject the visitor, who produced a pair of long bladed scissors and went after his assailants. He reached for the carotid in the neck of one; he punctured the left lung of another and slashed the groin of a third. In the attempt to escape hurriedly the Porto Rican struck his forehead on a board and almost lost his scalplock. Captain Lake had a small fight on hand before he mastered his man, but succeeded in bringing him to the Hilo bastille.

Typhoon in Japan.

Yokohama, Oct. 4.—A Hakodate dispatch delayed in transmission states that during the typhoon of the 28th and 29th ult. several buildings of the Hokkaido Railway Company were destroyed, the damage amounting to seven or eight thousand yen. Over ten sailing vessels and other craft were wrecked. As to the damage caused by the late storm it has so far been ascertained that about 10,000 houses were destroyed and over ninety persons killed in Mito and fourteen adjoining districts in Ibaraki Prefecture.

Jared Smith's Report.

The first annual report of Jared Smith, chief of the United States experiment station here, has been issued from Washington and received in Honolulu. It covers the work of the station, the agriculture of the islands, and the outlook. The text is embellished by handsome pictures.

Country's Corn Exports.

Last year the corn exports of the United States were 213,000,000 bushels, or 10 per cent of the total crop. Europe took 193,000,000 bushels, against 24,000,000 bushels in 1890.

NO OPIUM IN CHAMBERLAIN'S COUGH REMEDY.—Many cough cures contain opium. The effect of this drug is to diminish secretion of the mucus, and the relief afforded is only temporary. As soon as the effect of the opium passes off, the malady returns in a more severe form. The system is also weakened and rendered more susceptible to cold. Chamberlain's Cough Remedy does not contain opium in any form. It affords relief and leaves the system in a healthy condition. It always cures and cures quickly. The Hilo Drug Store sells it.
